Can GCSC provide them???

The morning of the event, Dec. 30th.

We are coming to kitchen area at the door open, 8:30 am?? It takes at least one hour or two to wrap up dumplings, clean up the tables, and cooking them in several batches. Therefore, to serve the first batch lunch would schedule no early than 11:00 am, assuming every volunteer comes no later than 8:30 am (which is my best estimate). May be Wendy or Butterfly can entertain those early birds (guests) showed up before 11:00.

I suggest that we serve based on per table; just filled up each table then service, i.e. first come, first serve. Please review this, let me know if I missed anything. Please use email to communicate if you have any issues or questions. Thank you all.

Merry Xmas to you and your Family!

Grace
